lasting impression

Alma Leticia Cedillo

From a young age, I discovered my love for makeup and its transformative power. At just 17 years old, I embarked on my journey as a makeup artist, honing my skills and exploring the world of beauty. Little did I know that this passion would become my lifelong career. It wasn't until I reached the age of 40 that I decided to take my craft to the next level. I made the bold decision to enroll in the renowned Cinema Makeup School, where I immersed myself in the art and techniques of professional makeup. Graduating from this prestigious institution was a turning point in my life, opening doors to incredible opportunities and experiences. Since then, my life has been a whirlwind of creativity and success. I have had the privilege of working with celebrities, bringing their visions to life through makeup. Music videos, films, commercials, editorial photo shoots, and fashion shows have all become my canvas, allowing me to showcase my talent and leave a lasting impression. But my journey doesn't stop there. I am not only a makeup artist but also a dedicated teacher, sharing my knowledge and expertise with aspiring artists. From Seattle to Wenatchee, Tacoma to Vancouver, Portland Oregon to Lake Oswego, Salem, and even both North and South California, I have had the pleasure of teaching makeup to eager students, empowering them to pursue their own dreams in the beauty industry. One of the highlights of my career has been serving as a beauty coordinator for various fashion weeks. Bringing together a team of talented artists, we have created breathtaking looks that have graced the runways and captivated audiences. The energy and excitement of these events fuel my passion for fashion and inspire me to push boundaries and explore new artistic horizons. Fashion truly is my passion. It is the driving force behind my creativity and the reason I wake up every day excited to do what I love. With each brushstroke, I strive to make a lasting impact, to create beauty that transcends trends and leaves a mark on the industry.

"Oh wow! It's like you're glowing!"

Holiday Tips - The Beauty of Dark Skin

Moisturizers and ingredients that hydrate your skin will always be your best friend, for your face, body and hair. So look for products with nourishing and nurturing ingredients. Shea butter, cocoa butter, mango butter and jojoba oils are a few of the ingredients to keep on your list.

Exfoliation helps with uneven skin tone as it removes dead skin cells which contribute to that uneven look. Consistent exfoliation of your skin will help with wrinkle prevention in addition to giving you smooth glowing skin.

Green tea is by far one of the most powerful antioxidants you can utilize when adding a glow to your skin. Rich in antioxidants, green tea helps rid your skin of free radicals, and reduces inflammation

Cucumbers not only taste great, but are filled with vitamin C and caffeic acid. These are two antioxidants that are excellent for fighting off wrinkles and protecting you from sun damage. Vitamin C will give your beautiful black skin a jolt of elastin and collagen which contributes to your radiance.

A close-up photograph of a classic car engine, featuring a prominent yellow painted block and white valve covers. The image is slightly blurred, focusing on the mechanical details. Overlaid on the image is the text "American Nostalgic Vintage Muscle car" in a white, serif font.

American Nostalgic Vintage Muscle car

ZUE

1949 Oldsmobile Rocket 88 - Top Sale \$100,800

The understated look of the Oldsmobile 88 is obvious now, just as it was unremarkable decades ago when the car hit showrooms in 1949. It wouldn't be the celebrity it is today had Oldsmobile engineers not fitted it with a powerful V8 engine meant for larger saloons.

A large, robust V8 propelling a relatively small and light body proved to be the perfect recipe for what would get widely considered the first muscle car.
